Commentary

Raiz Invest CEO George Lucas said: “After a solid start to the year, April represents another month of good growth in active customers, which are now approaching 200,000. FUM growth of +7.4% is well above the combined market movements of our basket of ETF. The customer growth is pleasing, as we reduce our marketing spend compared to Q3 FY2019 and reflective of the improved market conditions and growing engagement with the platform”.
